

Balasubramaniyan B

Penetration Tester · Red Team Operator · VAPT Specialist · Offensive Security Engineer

balasubramaniyan9760@gmail.com · +91 6379436942 · Ariyalur, India · Open to Remote & Relocation · German IT Specialist Visa (§16a AufenthG) eligible [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Offensive security professional with 2+ years of hands-on penetration testing, Red Team operations, and vulnerability research across web, network, and infrastructure environments. Identified and exploited 40+ critical CVEs across enterprise systems. Skilled in privilege escalation, lateral movement, post-exploitation, and Active Directory attacks. Builds custom offensive frameworks (RREF, Sentinel-SDK). Holds ISO/IEC 27001:2022, 27701:2019 & 42001:2023 Lead Auditor credentials from Mastermind Assurance (IAF-accredited), and is a Fellow of Management Systems Auditing (Mastermind). Also holds CRTOM and VAPT certifications. Actively pursuing OSCP. Delivers CVSS-scored pentest reports with remediation guidance aligned to OWASP Top 10 and MITRE ATT&CK.

TECHNICAL SKILLS

Penetration Testing: Burp Suite, OWASP ZAP, Metasploit, Nmap, Nessus, Nikto, Wireshark, SQLmap, Wazuh, Kali Linux

Web Application Security: OWASP Top 10, API Security Testing, Authentication Testing, SSRF, IDOR, SQLi, XSS, Exploit Development

Offensive Operations: Red Team Ops (CRTOM), C2 Frameworks, Phishing Simulation, Privilege Escalation, Lateral Movement, Post-Exploitation

Network & Infra: Network Enumeration, Active Directory Attacks, Network Penetration Testing, Windows Security, Linux Security

Vulnerability Mgmt: CVE Analysis, CVSS Scoring, Security Assessment, Threat Modeling, Vulnerability Research

SOC / DFIR: Splunk SIEM, IDS/IPS, Threat Intelligence, Incident Response, SOAR, Malware Analysis, Digital Forensics

Cloud & Dev: AWS Security, Azure, GCP, Docker, Python, Bash, JavaScript, Java, C, SQL, PowerShell, React.js, FastAPI

Standards & Frameworks: ISO/IEC 27001:2022, ISO/IEC 27701:2019, ISO/IEC 42001:2023, MITRE ATT&CK, NIST CSF, OWASP Top 10, CVSS, GDPR

PROFESSIONAL EXPERIENCE

Penetration Tester & Cybersecurity Research Analyst | **Terra System Labs** Dec 2024 – Present · Bangalore, India

- Conducted 30+ web application, network, and infrastructure penetration tests (Burp Suite, Nmap, Nessus, Metasploit, Wireshark); identified 40+ critical and high-severity CVEs across enterprise environments.
- Performed privilege escalation, lateral movement, and post-exploitation during Red Team engagements; simulated adversarial attack chains using MITRE ATT&CK framework and custom C2 workflows.
- Built RREF — Python/Bash offensive framework automating recon, exploitation, and post-exploitation reporting; deployed in 4 Red Team engagements, reducing manual pentest cycle time by ~35%.
- Delivered CVSS-scored pentest reports covering OWASP Top 10 vectors (SQLi, SSRF, IDOR, XSS) with actionable remediation guidance for enterprise clients.
- Developed Sentinel-SDK, a modular black-box security auditing framework; detected 18 vulnerabilities missed by automated scanners across 3 client external security assessments.

Full-Stack Developer – Security Focus | **SkillKaster** Dec 2024 – Jun 2025 · Remote

- Built React.js / Node.js applications to OWASP secure coding standards; implemented CSP policies, input validation, and authentication hardening across 2 production platforms.

- ▶ Conducted security code reviews identifying 12+ injection and authentication vulnerabilities prior to deployment.

Cyber Crime Investigator Intern | Tamil Nadu Cyber Crime Wing

Jun 2023 – Jul 2023 · Coimbatore, India

- ▶ Investigated 20+ cybercrime incidents using digital forensics and Splunk log analysis; findings used in law enforcement proceedings.
- ▶ Reduced mean time to evidence collection by ~20% through structured incident triage procedures.

VAPT Intern | BM Infosec Limited

Jun 2022 – Jul 2022 · Coimbatore, India

- ▶ Performed vulnerability assessments on 5+ platforms using Nessus and manual testing; reported 8 critical findings with CVSS scores and remediation steps.

KEY PROJECTS

RREF — RedOps Recon & Exploitation Framework

Python/Bash offensive toolkit automating recon (port scanning, subdomain enumeration, service fingerprinting), exploitation, and report generation. Deployed in 4 Red Team engagements; reduced pentest cycle time ~35%.

Sentinel-SDK — Black-Box Security Auditing Framework

Modular plugin-based vulnerability detection framework covering OWASP Top 10 (SQLi, XSS, SSRF, IDOR). Detected 18 vulnerabilities missed by automated scanners across 3 client assessments.

Phantera — Insider Threat Detection (ML)

Behavioural biometrics anomaly detection (keyboard/mouse dynamics). ML model achieved 89% detection accuracy in lab testing. FastAPI backend with Streamlit dashboard for real-time monitoring.

CERTIFICATIONS

★ Fellow of Management Systems Auditing — Mastermind Assurance, LLC (IAF-accredited, MSCB-356)

· 2026

Awarded for completing all three Lead Auditor credentials from the same IAF-accredited body: ISO/IEC 27001:2022 (Information Security), ISO/IEC 27701:2019 (Privacy Information Management), and ISO/IEC 42001:2023 (AI Management Systems). Mastermind Assurance was the first certification body globally to issue accredited ISO 42001 certificates.

ISO/IEC 27001:2022 Lead Auditor Mastermind Assurance (IAF)	ISO/IEC 27701:2019 Lead Auditor Mastermind Assurance (IAF)	ISO/IEC 42001:2025 Lead Auditor Mastermind Assurance (IAF)	CRTOM Red Team Operations Red Team Leaders

EDUCATION

BSc Computer Science — Cloud Technology & Information Security

2021 – 2024

Rathinam College of Arts and Science, Coimbatore, India · **89% — First Class with Distinction**

ACHIEVEMENTS & COMMUNITY

- ▶ Kavach 2023 — National Cybersecurity Hackathon (Govt. of India); top 5% of teams nationally.
- ▶ TN Startup & Idea Hackathon 2.0 — State-level finalist, cybersecurity innovation track.
- ▶ CTF Competitions — HackerOne, Payatu, Razzify; web application exploitation & binary exploitation tracks.
- ▶ HackerRank — SQL 5-Star | Python 3-Star; ranked in top percentile for both disciplines.
